Charges that have been fabricated against me since I contacted LEO 22 months ago regarding the organized crime ring that has been committing crimes against me.

1. Fraudulent restraining order – Based on perjury and false statements by my mother with the collusion and coercing by the "sheriff". They keep soliciting people to do PERJURY AND FALSE REPORTS ON ME AND FALSE RESTRAINING ORDERS ON ME. Public & Private Collusion to commit crimes.

2. Restraining order violation 1- I contacted the sheriff before I parked in my parking spot and waited. They refuse to even listen to what I am saying or look at evidence of my claims. Pretending they don't know what to do when someone says the reports are false and based off of perjury and fraud.

3. Restraining order violation 2 – I contacted the sheriff around 10 times that day and got given the run around saying "I need to call such and such" but when I call them they said I needed to call "such and such" which is where I had already called. Then they said "they were too busy to help me for 15 minutes to get my property out of my trailer" that I was wrongfully removed from and that was at 9am in the morning. They also said that if I called 911 for an emergency to get my dogs out of the trailer they would arrest me for MISUSE OF 911, They also informed me, a captain, that they could "choose to help or not help and that if I got too close they would have plenty of time and manpower to come arrest me". They then used my aunt and mother to setup a entrapment plan to see if I would make a mistake and get a little too close. This is the M.O. of the whole operation from the sheriff, basically holding me HOSTAGE by REFUSING TO DO THEIR DUTIES AS LAW ENFORCEMENT and investigate my claims and figure out if my claims are legit or not. It would seem to me that REFUSING TO RESOLVE THE SITUATION AS THEIR JOB DICTATES IN AN ATTEMPT TO GET ME TO DEAL WITH IT ON MY OWN AND HOPE I MAKE A MISTAKE IS A FORM OF ENTRAPMENT…… and more serious crimes by conspiring with the organized crime ring to wrongfully imprison me so they can keep my stolen IP and get away scot free.

4. Disorderly conduct / Misuse of 911 – I asked a neighbors contractor if he has a business card or a business name, on camera, and he then robbed my phone that was recording out of my hand which Is also battery, I then said a few words in a slightly raised voice from 8ft from my driveway on the side of the road for about 8 seconds then went in and called the sheriff. They did what they always do and that is to try and blame me or act like im the criminal and then he hung up on me. I called 911 back and requested a SUPERVISOR and then the dispatch started playing verbal shell games like they didn't know who I was or what I wanted so I got a little irate and gave them an earful for about a minute. The cops showed up and arrested me less than 10 minutes later. In what appears to be a FELONY STOP / ARREST SOP USED, for me a journalist and business owner who HAS REPORTED THE CRIMES AGAINST ME FOR 22 months straight…

5. Disorderly conduct / Stalking 1 – I came back from the jail for the first arrest that day and was yelling in my driveway for a minute about their crimes and such, then I yelled for about 10 minutes in my trailer, in my utility trailer and while walking from one trailer to another, around 10ft from one door to the other door. The sheriff then showed up and trespassed on on my property and jumped the fence and locked gates, again treating me like im some felon with a history of violence, resisting, evading, or am just some hardened repeat offender who is a felon or ex con…. I am none of those things and they know it.

6. Disorderly conduct / Reckless driving – They showed up 5 days after the incident occurred to arrest me, and again trying to PUBLICLY SHAME ME BY CONSTANTLY COMING TO DO A HOME INVASION / KIDNAPPING and forcing me to jump over the fence or they were gonna drag me over like im some felon criminal. I informed them that none of that happened. I then told them what happened and they say they have a “video” of me doing some crime. I can prove I didn’t do any crimes that day or any other day. I said I had it on video, I thought I had one camera that was working for that 2 minute drive from the food bank to home that day. They refused to even want to look at it, AS ALWAYS… Another amazing thing about this is, I have proof they are illegally spying on me locally, and on my phone and I said out loud that my camera had failed so they KNEW THAT I HAD NO VIDEO FROM THAT ALTERCATION… Its also amazing, I can prove the organized crime ring doing this to me is HOLLYWOOD and I can prove they have been doing a bunch of fraud “old” videos with body doubles, or cgi, or makeup and masks to make someone look like a YOUNGER VERSION OF THE ACTOR OR MUSICIAN SO THEY CAN MAKE IT LOOK LIKE IT’S A LEGIT OLD VIDEO. Now the very same gang is FABRICATING VIDEO OF ME DOING CRIME… Im assuming they found someone that looks like me and a car like mine, then did cgi or some movie magic to put a plate and my face on the items in the video. Im not sure, as I have not been allowed to see this video “evidence” of me doing crimes I KNOW I DIDN’T DO…. IT’S THE SAME PATTERN AND MODUS OPERANDI AS THE RICO ORGANIZED CRIME THAT I HAVE BEEN DOCUMENTING THE CRIMES OF…. Fraudulent videos is one of the things I have PROOF of…
7. Every time they come out to talk to me, THEY SLANDER AND DEFAME ME with PERSONAL ATTACKS THAT ARE THE SAME WORDS I USED ABOUT THEIR GANG… literally the same pattern of crimes and espionage and theft as the youtube channels, movies, music, news, etc that I have documented and is the reason for me reporting the crimes to begin with, well the sheriff is caught doing the exact same thing of repeating my private or public posted words about their organized crime ring and parroting them back to me like some sort of psychos.
