Mental health data points on the rico gang stalker thieve fraudsters – now they might actually know they are liars and fraudsters and not actually drink the cool aid but their actions and words sure do seem to paint a picture of delusions and psychopathic behavior. Some of their actions are not able to be excused or given a fraudster title too, like when they play in my face about food and drink and tobacco when they know I am out because they are stalking me and stealing from me and trying to make it so I can make no income while they make billions off my intellectual property.

1. Prolonged cyberstalking, stalking, theft and fraud when they know they are caught red handed by the victim of their crimes for 22 months. The overall length is 5 years.
2. Projecting their crimes onto their victim with the intent of getting the victim to go down for their own crimes
3. They appear to take joy and pleasure in doing criminal acts to me, trying to starve me, stealing all my property
4. Their body language says they have some sort of hate and angst towards me, their victim because I caught them, they also exhibit textbook signs of guilty behavior while talking about their crimes and claiming its someone else's crimes like me
5. They copycat the clothes and jewelry I wear or am selling on facebook marketplace
6. They pretend to literally be me, claim my story as their own, use my styles, mannerisms, phrases, singing the same parts from the same songs
7. Real time back and forth interactions with me through their live youtube videos, meaning they know exactly how nasty and egregious their crimes are, its not just them getting given a script to read with my stolen IP, its PERSONAL and they have made it clear many many times,
8. They are still trying to slander me and do targeted personal attacks on their videos towards me in sneaky and subvert passive aggressive manners but still visible enough that I caught it and pointed it out.
9. They hear me talking about their mental health illness from espionage and on my websites with the info of their crimes or evidence of their crimes, yet they still persist. They try to do deflection and projection and all kinds of other little kid style excuses and such.
10. They behave like spoiled toddlers but are adults, these things would not be anything if it were not for the fact that I can prove they are doing psychopathic level crimes against me for a prolonged period of time, AKIN TO TORTURING ME AND TAKING JOY IN IT.
11. They think they can stalk me and try to entrap me and get caught then just pretend they don't know and play dumb but then also seem to be "psychologist experts" who all the sudden know, WITHOUT LOOKING AT THE WEBSITE, MY EVIDENCE as they claim, I am "crazy" and im just making it up or delusional or some other DEFLECTION TACTIC….
12. They parrot my words back to me they got from espionage on my phone, or through the neighbors who I assume have a PROFESSIONAL MOVIE LEVEL MIC OR SOMETHING TO BE ABLE

TO HEAR MY SOFTLY SPOKEN WORDS OUTSIDE MY HOUSE WHEN I HAVE NO PHONE WITH ME, then they act like they are not caught red handed and do the little toddler behavior.

13. Trying to frame me up literally with their crimes, family, neighbors who are in the gang, and online in the channels I can prove all of them are in the same gang all with my stolen IP. Literally they want me to go to prison, THE VICTIM OF THEIR CRIMES, so they can KEEP MY STOLEN IP AND GET AWAY SCOTT FREE WITH THEIR HEINOUS TERRORISTIC LEVEL CRIMES.

14. Some of them have moved to live in the same town and stalk me in person, steal my stuff, and some of them even moved into the houses right around my house. Around 30-50 people have moved here that I have evidence on them being in the gang and definitely are new additions to the properties all around my house. There is around 20 houses directly around me that are owned or rented by people who moved here to stalk or got paid to start stalking me after they were already living there. Some have started to move out now as of July 2026 and some moved started in 2025 when I started posting their crimes on my website hawkx.

15. They have talked about wanting to “steal all my stuff” and I have proof they are doing just that, they are literally stealing ALMOST EVERY PIECE OF MY CONTENT, STORY, AND PERSONALITY AND BUSINESS CONTENT with the intent to starve me out, its not just white collar theft and fraud, its on such a massive scale its beyond psychopathic to try to do that to someone especially for a 5 year period all while they know I know they are doing it, and now I can prove it for the last 22 months.

16. A bunch of them appear to be drag queens and they also seem to really think they are girls.

17. Some of the tarot readers, actors and perhaps more are caught dressing up and pretending to be someone else so they can steal more stuff or in tom hanks case pretending he isn’t the voice of toy story cause it’s a bunch of theft in toystory 4 and 5.

18. They pretend to be experts and psychologist and therapists like me and then give disinformation to paint my story as the bad person and their story as the good person. Its one thing for a child to do this but for adults its another, and then to do it combined with their MASSIVE FELONIES AND THEIR TREATS OF SENDING A HITMAN AND MORE.

19. Whenever I come outside the neighbors come out to get in my field of view to try and stalk me and see if I will confront them cause they think if they pretend they are not stalking and if I say anything to them they think they are victim and can get me in jail or prison

20. Whenever I come outside they have their horns honk or some other noise to let me know they are out there and or that they are able to see when I go outside cause of the drone spying military connection, its to PUT ME ON NOTICE TO SCARE ME ORE MAKE ME MAD… and again, they think me getting mad CAUSE IM BEING STALKED AND STOLEN FROM DAILY FOR YEARS MEANS IM THE BAD GUY / CRIMINAL… They are uneducated trolls who think they above the law

21. They seem to think they are above the law… while trying to hide behind the same laws they are breaking. Delusional for sure to think it works that way, or psycho

22. They started claiming they are psychics for real, mainly cause I do seem like a psychic and I told them i don’t need the cards so they had all started to pretend they were psychics, they always

pretend they are everything I am, its literally psycho to the level it makes me wonder if they want to kill me and take my skin… no joke. They are so disconnected from reality is not funny

23. They pretend magic is real on a regular basis, they also then pretend they are not the ones who are doing all the fake black magic while its all they talk about and they talk as iff its personal and even at times say how they are so knowledgeable and such
